QLD**

www.laserinternational.org

The Laser Radial is similar to the Laser, however it has been designed for more lightweight sailors. It has a flexible and slightly shorter lower mast together with a sail area 18% smaller than the Laser.

Ashley Stoddart first represented Australia at the 2009 Youth World Championships in Buzios, Brazil.

Coached by Jared West since 2014, Stoddart secured Australia a quota spot for the Games when she finished 11th at the 2015 World Championships in Mussanah, Oman.

The Occupational Therapy University Student counts 470 sailors Elise Rechichi and Tessa Parkinson winning gold at the 2008 Beijing Games as inspiration for her to pursue her Olympic dream.
