Dear Lawson,

Thank you for your application requesting approval under Regulation 51C of the Navigable Waters Regulations for the 2023/2024 Offshore Coastal Calendar events.

I am pleased to advise that your request for approval has been granted under Regulation 51C of the Navigable Waters Regulations subject to the following:

- That all other relevant authorities have been consulted and any other required approvals obtained, including approval from Fremantle Port Authority;
- That all aspects of the Australian Sailing (WA) Risk Management Plan are adhered to at all times;
- That this approval only applies to all events conducted by the Australian Sailing (WA) affiliated clubs and coaches for all events attached to the annual Offshore Coastal Calendar 2023 / 2024 period;
- That this approval also applies to authorised training events and includes reasonable travel to and from all events by bona fide competitors;
- That this approval does not exempt against any maritime legislation including complying with any gazetted speed restricted area unless relevant exemptions are issued; and
- That all events are to be suspended, if in the opinion of the organiser, conditions or circumstances are such that the safety of vessels or persons participating is at risk.

Should you wish to discuss this matter further please Aquatic Events Officer Heather Webb on 0439 477 424.

Yours Sincerely
