WA 2021 Class Association Key Contacts Survey

Dear Class Association or other entity,

Australian Sailing desires to have quality engagement with your Incorporated Associations (Class Association, Sub Committee or other entity) via your executive committees, administrators and staff).

Our sports management software, revSPORT, is capable of having 99 Organisational Officials listed. We advise that via this survey or [THIS](#) process, update your key contacts so we can communicate relevant quality information to you.

Many thanks,

Australian Sailing WA
